

SQL Rank function

```
RANK() OVER(  
  ORDER BY val  
) AS rank
```

```
IF(val = @_last, @curRank := @curRank, @curRank := @_sequence) AS rank,  
@_sequence := @_sequence+1,  
@_last := val  
...  
...  
...  
...  
(SELECT @curRank := 1, @_sequence := 1, @_last := 0) AS r
```
