

# AWS file upload with action text not working

---

On AWS go to bucket => Permissions => Cross-origin resource sharing (CORS) => Edit

Add json below and change url

```
[
  {
    "AllowedHeaders": [
      "*"
    ],
    "AllowedMethods": [
      "PUT",
      "POST",
      "DELETE"
    ],
    "AllowedOrigins": [
      "http://www.example1.com"
    ],
    "ExposeHeaders": []
  },
  {
    "AllowedHeaders": [
      "*"
    ],
    "AllowedMethods": [
      "PUT",
      "POST",
      "DELETE"
    ],
    "AllowedOrigins": [
      "http://www.example2.com"
    ],
    "ExposeHeaders": []
  },
  {
    "AllowedHeaders": [],
    "AllowedMethods": [
      "GET"
    ],
    "AllowedOrigins": [
      "*"
    ],
    "ExposeHeaders": []
  }
]
```
