Interesting settings on VSCode

Click on Code => Preferences => Settings

Then click on the right upper corner on the file icon (open settings (JSON))

```
"emmet.includeLanguages": {
  "javascript": "javascriptreact"
},
"prettier.singleQuote": true,
"prettier.jsxSingleQuote": true,
"terminal.integrated.fontSize": 12,
"files.autoSave": "off",
"editor.formatOnSave": true,
"editor.minimap.enabled": false
```
